

# Parent Opportunities

Our success just doesn't happen on its own. We are fortunate adults. Some are very dedicated, some modestly dedicated, some slightly dedicated. Whatever your interest, skill or time constraints, your help is appreciated, will be put to good use and is very important.

Parents are asked to either become an Assistant Scout Master or a Committee Member.

Troop leadership has four components:

**Troop Committee** - that sets the goals and standards, plans and monitors the activities and handles the troop property and monies.

**Scoutmasters** - who teach the skills, help the Junior Leaders lead, monitor each boy's progress and ensure a safe and wholesome program.

**Merit Badge Counselors** - who teach the many enrichment skills.

**Everyone Else** - who helps with the transportation, fund raising, assists the other leaders, serves food, teaches a skill, encourages and helps their son to succeed. Everyone else includes Dads and Moms, grandparents, and other community minded persons.
