

Troop 925 Youth Leadership Contract

As a leader, I agree to set an example for others in our troop, and to set the standards that others will follow. From proper uniforming to living up to the ideals of the scout oath and law, I will strive to be an ideal scout in appearance, courtesy, organization, and manner. Leadership is a privilege, not a right, and is meant to be an opportunity to strive and succeed. Inappropriate conduct will be cause for review of my ability to handle leadership. If I am unable to routinely demonstrate the maturity required of a leader, I may be removed from the leadership role at the discretion of the ScoutMaster. If the position is elected, the eligible troop members will then elect another scout for the position.

In addition to the regular weekly Troop meetings, I understand that I am required to attend PLC meetings and campouts during my tenure as a leader. If I cannot attend, it is my responsibility to notify the Senior Patrol Leader or ScoutMaster and make appropriate arrangements.

I have read and understood the job description for my position and I agree to do my best in that leadership role.
